The Report is handed over to the Committee today by the Press The Members of the Committee have suggested some minor corrections after going through it The Report is however approved by affixing signatures of the Members thereto and the Committee is dissolved today

But there is work yet to be done by the Secretary He has to go through the whole Report carefully and attend to the minor corrections and also see to the final make up of the whole Report before it is released to the public Besides the various files have to be arranged and the appendices have to be made up and filed It may be that he will be required to make extracts of some important witnesses especially of those that have been referred to in the Report Further he has to attend to the work of distribution of the Report if so desired to the public He may therefore require a month to carry out the winding-up work of the Committee

It is requested that the term of the Secretary his typist Mr Krishna Doss and one peon may be extended for a further period of one month, as it was said to have been done in the case of the Secretaries to the Reforms Committee and also the Prison Reforms Committee The other staff, (viz) one other Clerk and two peons may be disbanded from tomorrow
